

PRODUCT DATA SHEET

EngineerPro® Cat 6E Modular Plug

Nitrotel Cat6, RJ45 modular plugs support CAT 6 installations, meeting the TIA/EIA-568.2-D requirements for NEXT (Near End Cross Talk) and Return Loss. Plugs are crimped using standard RJ45 crimp nests, allowing existing installation tools to be used. High impact nylon, one piece plug body provides durability for repeated insertions.

Features

8 position, 8 contact RJ-45 modular plug compatible with CAT6 rated cables.

Design provides an easier assembly while maintaining optimal performance to pass CAT6 cabling standards and requirements in channel testing.

Crimps with a standard RJ-45 crimp nests.

50 micron gold contacts

Suitable for solid or stranded, 23-24 AWG conductors

Compatible with Nitrotel crimp tool NTCT310
