

PRODUCT DATA SHEET

Nitrotel EZ Termination Tool - For 180 Degree series Keystone Jacks

Overview

The Nitrotel EZ Termination Tool allows simultaneous termination of all eight twisted-pair cable conductors including the trimming of conductor excess which allows saving on installation time.

The EZ termination tool is a reliable termination means in confined areas, while ensuring precise and consistent termination of all pairs due to the precise calibrated mechanism.

Nitrotel EZ termination tool is designed to work with the following Nitrotel keystone jacks:
NT1805EXXSL
NT1806EXXSL

XX = BU, RD, WH, BL, YL, GN

Key Features

- Simultaneous termination of eight twisted-pair conductors including excess trimming
- Comfortable plastic handle grips
- Lightweight and compact
- Integrated lock allows tool to be stowed while not in use
